PRICE TWO CENTS

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system. He continues: "In Helonias we have a medicinal which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which is most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

FIVE BOYS ARE KILLED

NINE OTHERS INJURED BY AN EXPLOSION OF DYNAMITE AT WILKESBARRE, PA.

CASUALTY LIST VERY LARGE

HUNDREDS OF PERSONS KILLED OR MAIMED WHILE CELEBRATING THE FOURTH.

Wilkesbarre, Pa., July 5.—At Wanamie, a mining town five miles from here, five boys were killed and nine others injured by celebrating the Fourth of July. Two of the killed were brothers named Pachunis. Two other brothers, named Shukawicz, and the other named Long. They had placed powder in a pipe and it failed to go off. They then forced a stick of dynamite into the pipe and began pounding it. A terrific explosion followed. Four of the boys were badly mangled and the fifth died on the way to the hospital. Some of the injured are so badly hurt that they may die.

CASUALTY LIST IN IOWA.

Several Persons Injured While Celebrating the Fourth.

Des Moines, Ia., July 5.—One person was fatally injured and several others were seriously hurt by the collapse of a balcony at Banbury, Woodbury county, during a Fourth of July parade. Two sisters named Rehmer were caught under the debris, one of them receiving internal injuries which will result in her death. Her sister was severely injured about the head and W. C. Cameron, a prominent hardware merchant, had his leg broken in two places.

Holiday injuries at other places in Iowa included:

Cedar Falls—Sam Johnson, aged fourteen, eyes blown out by gunpowder.

Atlantic—Ray Camblin, seriously burned about the face by the explosion of a can of powder.

FOUR PERSONS KILLED.

Large Number of Others Injured in Indiana.

Indianapolis, July 5.—Reports from throughout the state show four fatalities and a large number of persons injured as the result of Wednesday's celebration. The dead are:

Roy Browning, twelve years old, at Elkhart, blank cartridge wound.

John Haber, at South Bend; over excitement.

Clarence Gant, twenty years old, at Mount Carmel; drowned at picnic.

By bursting of small cannon here Miss Florence Wright of this city and Clifford Curry of Terre Haute were seriously and three others slightly injured.

HUNDREDS OF ACCIDENTS.

But Only One Fatality in New York City.

New York, July 5.—While the list of minor accidents as a result of the celebration of the Fourth of July reached into the hundreds there were fewer serious casualties than usual. Only one death attributable to the celebration was reported to the police, that of Morris Shapiro, who was shot in the head by a stray bullet in Harlem.

At the Sheephead Bay racetrack, while standing in a crowd about the judge's stand, John Fowles of Buffalo, N. Y., was wounded in the head by a stray bullet. The missile had spent much of its force and Mr. Fowles is not believed to be seriously hurt.

There were ten deaths in Greater New York from the heat and humidity. All occurred during the morning.

WISCONSIN DEATH LIST.

Celebration of the Fourth Results in Three Fatalities.

Milwaukee, July 5.—Three deaths are recorded in Wisconsin as a result of the celebration Wednesday. They are:

Edward Thomas, drowned while boating in Milwaukee river.

William Wollerslager, Stevens Point, shot through body.

James Demers, Fond Du Lac, shot through stomach.

One Dead; Forty Injured.

Cincinnati, July 5.—John Pearce of Peru, Ind., was shot and instantly killed on a Fort Thomas car here. The police have been unable to find the person who fired the shot. This is the only Fourth of July fatality reported here. About forty persons were slightly injured.

TWIN CITIES FORTUNATE.

No Deaths Recorded and Only a Few Accidents Occur.

St. Paul, July 5.—Fourth of July casualties in St. Paul were few and none were serious. The injuries were of a minor character, with no expectation of serious results unless something unforeseen develops. The accidents reported number less than a dozen. Most of the victims are small boys.

The city was equally fortunate in the matter of fires. There were a number of blazes resulting in only small losses.

The Fourth of July passed off quietly in Minneapolis. There were few serious accidents and but few calls for the fire department. The cases of both were of minor importance caused by the explosion of firecrackers and fireworks.

Ole Sapher, a fourteen-year-old boy, shot himself in the thigh by the accidental discharge of a 22-caliber revolver. His was the only really serious injury in Minneapolis.

BOX OF FIREWORKS EXPLODES.

Several Persons Badly Injured at Excelsior, Minn.

Excelsior, Minn., July 5.—Several people were injured, three seriously, in the accidental explosion of a box of fireworks, which occurred here in front of the Casino at 10 o'clock p. m. About 5,000 people were in the Casino at the time, and a panic prevailed when the explosion took place.

Those most seriously injured were Louis A. Dix and E. D. Thompson, both residents of Excelsior. A flying torpedo made a hole in Mr. Thompson's side, while his hand was painfully lacerated. Mr. Dix was struck in the same manner.

Teddy Montgomery, fourteen years of age, was trampled upon in the rush to get away from the explosion and was seriously hurt. The little daughter of F. H. Putman had her hair singed by the blast.

LANDING DOCK COLLAPSES.

One Hundred People Precipitated Into Sixteen Feet of Water.

Omaha, July 5.—Nearly 100 persons were precipitated into about sixteen feet of water at Lake Manawa, a resort on the Iowa side of the river, by the collapse of a landing dock at night.

Mary Doersler, aged twenty years, was reported missing, but later was reported alive and uninjured. Lena Rosenbloom was unconscious when taken from the water and died early in the morning. A Miss Chamberlain is thought to be fatally injured.

The crowd was watching a display of fireworks when the dock gave way.

LIST OF INJURED IS LARGE.

But No Fatalities Occur During Celebration at St. Louis.

St. Louis, July 5.—Statistics gathered by the police indicate that while more than 100 persons were injured there were no deaths here as the result of the celebration of the nation's birthday anniversary. The list of injuries follows:

Firearms, 48; toy pistols, 14; torpedoes, 2; cannon crackers, 19; powder burns, 9; toy cannon, 8; fireworks, 15. Total, 115.

THREE KILLED AT CHICAGO.

Nearly One Hundred Other Persons Injured.

Chicago, July 5.—Three persons dead and ninety-seven injured was the record for Independence Day here according to the police reports. The three deaths were those of children under ten years of age, who made second attempts to discharge cannon crackers which had apparently missed fire. Several of the injured were severely hurt, but it is not believed that any of them will die.

Norwegian-Americans Celebrate.

Christiania, July 5.—Hundreds of Norwegian-Americans who came to visit their native country on the occasion of the coronation of King Haakon and to commemorate the second independence of Norway celebrated the American Independence day here demonstratively. The band of students of St. Olaf's college at Northfield, Minn., gave a concert at the Tivoli garden.

Killed by an Automobile.

Buffalo, N. Y., July 5.—Professor Henry A. Ward of Chicago, a well known naturalist, was struck by an automobile here and killed.

TALKS TO NEIGHBORS

PRESIDENT ROOSEVELT DELIVERS AN ADDRESS TO RESIDENTS OF OYSTER BAY.

BRYAN SPEAKS IN LONDON

NEBRASKAN THE CENTRAL FIGURE AT AN INDEPENDENCE DAY DINNER THERE.

Oyster Bay, N. Y., July 5.—President Roosevelt was pleased to justify his stewardship in a review of the year for the benefit of his neighbors here. He spoke in the open air, mostly during a heavy rain. When he had finished both himself and his thousand or more auditors were drenched. No one deserted the celebration. The rain came suddenly and there was no shelter in sight and when the president paused while umbrellas were raised he remarked good-naturedly:

"I am sorry for you ladies, but ashamed of you men, because you are afraid you will melt."

There was no doubt that the president enjoyed the downpour. When the first shower came he allowed himself to be covered with a rubber cape but just as he had thrown it off he poured again and this time he took the wetting. To emphasize that his acts as president had been free from malice he begged pardon of the dominies and took a "text" illustrating this point from Lincoln. The sentiment of this text ran throughout his entire speech and when he said he would curb the "trusts" he emphasized that in doing his duty he would act without fear, favor or malice. He spoke for nearly an hour. He was cheered on by the waving of wet flags, and cries of approval.

In his speech the president spoke of inquiries in business life in this country, and, referring to what congress had done in the matter of curbing corporations, said it was only a beginning, and that congress would have to devote years to restraining corporations and the men of great wealth who have abused their power.

In the main the president's speech was similar to others he has delivered on good citizenship and the duties devolving upon all the people of the present time in order that the republic may be preserved and that posterity shall have no need to be ashamed of the deeds of the men and women of the present.

Oyster Bay made its best holiday bow to the president and combined its welcome home for the summer with a celebration of the Fourth. No untoward incident marred the festivities, which were held in Locust Grove, a natural amphitheater in the outskirts of the village.

BRYAN THE GUEST OF HONOR.

Speaks at Annual Dinner of American Society in London.

London, July 5.—William J. Bryan was the central figure at the annual Independence day dinner of the American society at the Hotel Cecil. Nearly 500 members and guests surrounded the society's board and cheered patriotic sentiments with the peculiar zest born of exile. Ambassador Whitelaw Reid and Mr. Bryan engaged in some sharp but good humored raillery and banter over political differences, the crowd evincing its enjoyment of the sport with cheers and shouts of laughter.

Mr. Reid said with reference to Mr. Bryan:

"At home as a citizen I have openly and squarely opposed him at every stage of his conspicuous career. I am reasonably sure that when I return home I shall continue to do the same. I believe he tonight is as well satisfied as I, though by different reasoning, that the country that we love and try to serve has not been ruined by its gold abroad. As the official representative of the American people without distinction as to party I am glad to welcome him here as a typical American whose whole life has been lived in the daylight and one whom such a great host of my countrymen have long trusted and honored."

Mr. Bryan, arising, said:

"The temptation to make a political speech is strong within me. I have not had a chance to do so for ten months. However, I will restrain myself. With reference to the ambassador's remarks on gold I wish to say that when I see the progress my country has made walking on one leg I wonder what it would have done walking on two legs. It is pleasing to testify that the ambassador not only has fought me but that he has done it well. No American rejoices more than I that he is 3,000 miles from his base. While abroad I have met many good Republicans—holding office—and

Following the passage between Ambassador Reid and Mr. Bryan the latter read his formal speech.

TOLSTOI SCORES PARLIAMENT.

Proceedings Inspire Him With Humor, Irritation and Disgust.

Yaznaya, Poliana, July 5.—Count Leo Tolstol, in an interview here, said that the Russian parliament interests him but little. The reports of parliamentary proceedings inspired him with the triple sensation of humor, irritation and disgust. "It seems to me," Count Tolstol said, "as if children were playing as grownups. The proceedings show nothing new, nothing original, nothing interesting. Everything has been said hundreds of times before. An English friend of mine wrote to me that he had expected parliament to blaze new roads, but that it was only slavishly imitating the West. What he says is true. The speeches are like phonograph reproductions of those in foreign parliaments."

Count Tolstol repeated his well known ideas that the regeneration of Russia would not come through a political struggle, but in a revival of the true Christian spirit, which will make men love labor, nature and truth. No half-way measures can solve the agrarian problem. According to his views there is only one ultimate and just solution, namely, equalization of the rights of everybody to till the soil the world over.

BOER WAR HERO A SUICIDE.

Soldier of Two Nations Ends His Life in Kansas.

Junction City, Kan., July 5.—Corporal E. Redder, Troop A, Thirteenth cavalry, stationed at Fort Riley, committed suicide here. With a party of soldiers he came to town to hear the band concert in the city park. During the last selection he walked up near the bandstand in front of the large crowd, drew a revolver and blew his brains out.

Corporal Redder served twelve years with the British army and during the Boer war received mention for bravery. He is supposed to have been despondent over a love affair.

Political Prisoners Escape.

Kovno, July 5.—Several political prisoners here obtained arms and tacked and disarmed the prison wardens and liberated all the prisoners, including several dreaded terrorists. The terrorists were recaptured but of the other fugitives there are no traces.

ROOT SAILS FOR RIO JANEIRO.

Secretary of State Starts on Historic Journey.

New York, July 5.—Secretary Elihu Root has sailed from New York on the United States cruiser Charleston on his three-months' South American tour. He was accompanied by Mrs. Root, his son Edward and his daughter, Miss Edith. He will go around Cape Horn and returning will cross the Isthmus of Panama. From July 25 to Aug. 6 he will represent this country at the third Pan-American congress at Rio de Janeiro, Brazil. No secretary of state ever had such an extended tour by sea and Mr. Root will stand unique in this regard in the history of the United States. In preparation for the long voyage of the secretary of state, the navy department has fitted up the warship in a sumptuous manner. Special quarters have been provided for the secretary and family.

The inside passage from the Straits of Magellan to Valparaiso being too shallow for the Charleston's draught, the party will be transferred in the Straits to a Chilean man-of-war, in which the journey will be continued on the Pacific side.

Before boarding the Charleston Secretary Root paid a brief visit to the Mexican training ship Zaragosa, moored off Tompkins Island, a short distance from the American war vessel. Before proceeding on his voyage the secretary received a formal call from the Brazilian ambassador. The secretary was received on board the Charleston with a salute of nineteen guns.

Secretary Root will also visit San Juan, Montevideo, Buenos Ayres, Valparaiso and Callao.

THAW TREATS PRISONERS.

Millionaire Buys Ice Cream and Cake for Those in the Tombs.

New York, July 5.—Harry K. Thaw, under indictment for the murder of Architect Stanford White, gave his fellow male prisoners at the Tombs a pleasant surprise Wednesday by treating them all to ice cream and cake. Thaw was talking with Rev. John A. Wade, the Episcopal clergyman who attends to the spiritual needs of the Protestant prisoners. Thaw asked the minister if the Fourth of July was being observed in any special way in the prison.

"Well," answered the clergyman, "I've just finished a task that falls upon me every Independence Day, that of supplying the women and boys with ice cream and cake."

When the minister said that the men were uncared for in that respect Thaw asked him to get enough to go around and send the bill to him. Mr. Wade did as requested, buying 46 quarts of ice cream and 30 dozen cakes.

Thaw's wife was not permitted to visit him, the rule excluding visitors being in effect the same as on Sunday.

WAPAKUTA TOURNAMENT

The Trap Shooting Tournament on the Fourth of July was a Success Every Way

ABOUT THIRTY-FIVE ENTRIES

Handicap Committee is at Work On Preparing Score for Publication in Near Future

The shooting tournament held by the Wapakuta Gun club at their grounds on the afternoon of the Fourth of July was a great success. Not only was there a large number of contestants, an average of nearly 35 men lining up for each event, but there was a large crowd of onlookers. The shooting commenced at 2 o'clock sharp and continued without cessation until about 7 in the evening. This gave the handicap committee no opportunity to figure up the scores.

This committee, which is composed of Messrs. Geo. Trent, W. H. Mantor and J. L. Fredericks, is at work on this and hopes to have the entire score for publication tomorrow.

DONATED LOTS FOR SCHOOL SITE

Business Men Purchase McKay
And Woodin Property on Ivy
Street for Sisters' School

PRESENTATION MADE TUESDAY

Property Adjoins Both Hospital
Site and Seelye Property
Bought for School Site

Several business men contributed the first of the week to the purchase of the residence property owned by E. A. McKay and E. K. Woodin on Ivy street between Second and Third, for the use of the Sisters of St. Benedict. This property, which adjoins both St. Joseph's hospital and the site recently purchased for the school to be established here, was necessary to the proper arrangement of buildings, etc. W. H. Cleary and J. T. Sanborn conceived the idea of purchasing it as a donation toward the school and quietly passed around among some of the business men. The necessary amount, \$550, was raised in less than two hours and it could easily have been doubled had necessity required.

The property was purchased and the deed taken up to the hospital Tuesday evening. It came as a surprise, the Mother Superior at Duluth knowing nothing of the matter until informed over the telephone after the presentation. The Sister Superior at St. Joseph's hospital states that it was one of the things needed before the school could be built and that the action of the business men in evincing such interest is very encouraging to them in their project of erecting a school of which Brainerd may feel justly proud.

The donors were as follows:
Con O'Brien, W. H. Cleary, J. T. Sanborn, J. W. Koop, R. R. Wise, D. M. Clark, J. J. Howe, J. A. Thabes, First National bank, H. P. Dunn, M. J. Reilly, A. G. Trommald, O. P. Erickson, Adam Armstrong, M. E. Ryan, H. W. Linne-man, M. T. Dunn, J. L. Fredericks, \$25 each. E. K. Woodin, E. A. McKay, J. F. McGinnis, J. P. Murphy, Thos. Beare, S. R. Adair, James Cullen, W. A. M. Johnston, \$10 each. T. C. Blewitt, John Carlson, Wm. Graham, Brockway & Parker, C. A. Walker, \$5 each.
The gentlemen in charge, in making the presentation urged the immediate building of the school and pledged the hearty co-operation of the people and business men in the matter so far as they could bring it about.

AMATEUR BASE BALL

Brainerd's South Side team went to Crow Wing yesterday and defeated the team from that burg by a score of 7 to 6.

Staples added another to its list of victories by defeating Brainerd 9 to 8. It is reported that Brainerd got 16 hits off the Staples pitcher, but only succeeded in getting eight men around the bases, while Staples made but six hits off the Brainerd pitchers and got 9 runs out of it. Brainerd's new find proved to be no good and John Burns of the North Stars finished the game in the box.

EXHIBIT OF FIRE WORKS TONIGHT

The large consignment of fireworks which was ordered for the Trades and Labor celebration finally arrived at 11:15 last night. It has been decided by the committee in charge to use them to-night. They will be fired off this evening at the grand stand erected in the center of the park for that purpose. The fun will commence at 9 o'clock sharp and it is expected that there will be a large crowd out. A large number gathered there last night only to be disappointed and it is hoped there will be many more out tonight.

bration Passes off in
First Class Style.

MANY SPORTS AND GAMES

Dancing, Fishing and Boating
Make Day Pass Rapidly to
all in Attendance.

The celebration at Gilbert lake yesterday under the auspices of the Trades and Labor Assembly was a success. There was a large crowd present and all seemed to enjoy themselves. The program of sports and games was carried out as outlined and the people enjoyed themselves in the dancing pavilion on the lake and under the trees to the utmost. A large number of people took their own basket dinners while some patronized the refreshment stands at the pavilion. The only draw back to the success of the entire day was the failure of the fireworks to arrive on time.

The committee having the matter in charge announce that they will make a public announcement of the honors and of the expenditures in a few days.

A Tragic Finish

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at H. H. P. MINOR GATHERINGS

Various Picnics and Other Gatherings to

Yesterday

The Swedish Baptist Sunday School picnic at Rosko's grove, south of town was well attended and a very enjoyable day was spent. Ice cream and peanuts were served to all the children free.

The members of the First Baptist Sunday School had a very enjoyable picnic at Long Lake, which was well attended.

About fifty German friends of August Budtke, picniced at the grove on his place on East Oak street and had a most enjoyable day.

There was a dance and celebration at Mr. Meyers place, 14 miles up the river, yesterday, a large crowd going up from here on the river steamboats.

A very pleasant tennis party took place at the home of R. K. Whiteley, Fourth street North, last evening. Refreshments were served and fireworks enjoyed.

MUSIC AND DRAMA.

"A MESSAGE FROM MARS."

When Richard Ganthony wrote "A Message from Mars," the great comedy in which David Proctor is appearing as the star, which will be seen here at the Brainerd opera house Monday, July 9, it would appear he had in mind such selfish men as to have been the subjects of exposure growing out of the great insurance scandals. As has been shown, these men had millions to spend for the

"yellow dog" fund, but not a cent for charity. He has made his hero the most selfish man on earth. He has sent from the planet Mars, a messenger to teach the selfish man a lesson in charity. The hero is first seen in luxurious surroundings. He thinks only of himself. The messenger from the other planet, quickly reduces him to poverty. He is thus made to realize something of humanity.

TRAGEDY IN MINNEAPOLIS.

Peacemaker Shot Dead by an Eighteen-Year-Old Boy
Minneapolis, July 5.—As the Fourth of July was drawing to a close in this city three pistol shots rang out in the home of Andrew Shurba, an aged man, and John Harmonack met instant death at the hands of Steve Shurba, eighteen years of age, who had been quarrelling with his father, when Harmonack stepped in as peacemaker. Young Shurba had been maltreating his father and had slugged him into almost unconsciousness when Harmonack appeared on the scene, only to be shot three times in the abdomen. The police had received a hurry up call during the melee between the Shurbas and they stepped in the front door and arrested the murderer as the smoke from the revolver cleared away. Harmonack is a laborer, while the elder Shurba is a retired saloonkeeper.

COUNCIL OF THE EMPIRE.

Constitutional Democrats May Recognize Its Executive Status.
St. Petersburg, July 5.—At a session of the Constitutional Democratic executive and parliamentary committees to determine the attitude of that party's members in the council of the empire, it was decided that they may participate in caucuses of the Centrists, but they must preserve party lines and move a second preamble and resolution declaring lack of confidence in the ministry. This decision is taken as an indication that the Constitutional Democrats are inclined to recognize the executive status of the council of the empire and not to demand its abolition, if legislation originating in the lower house is favorably received in the upper house.

It is announced that the parliamentary commission appointed to examine famine relief at a meeting held Wednesday decided to grant an immediate credit of \$7,500,000 to the minister of finance. The proposed credit will be covered by an issue of 4 per cent state rentes. The members of the commission say the credit could be provided for through budget economies, especially as the government had announced that the budget for the first four months of the current year shows a surplus of \$28,000,000.

The agrarian movement in several sections has developed a new phase in struggles between landowning peasants and peasants who own no lands. Bloody conflicts have taken place at several places.

Estates of Prince Oblensky and five other great land proprietors in Saratoff are reported to be in flames. The details of the pillaging of the Shermetieff estate in Voronezh are more serious than the first reports. After sacking the estate the peasantry destroy the railway police stations and government buildings and beat fifty-seven guards almost to death. Artillery as well as infantry has been sent to the place.

ROJESTVENSKY PLEADS GUILTY.

Russian Admiral Makes Manly Effort to Save Other Officers.

Cronstadt, July 5.—In a manly effort to save the surviving members of his staff and the other officers who, he believes, surrendered the gunboat Bedovi on account of affection for him and their desire to save his life, Admiral Rojestvensky pleaded guilty before a courtmartial. In a short speech to the court the admiral declared that he took all the blame on his own shoulders and asked that he alone be punished to the fullest extent of the law, virtually an appeal for condemnation to death, which is the penalty for hauling down the St. Andrew's cross to a hostile vessel.

All the other defendants pleaded not guilty.

AMERICANS ARE IMPROVING.

Victims of Railway Accident at Salisbury Better.

Salisbury, July 5.—The latest bulletin issued at the infirmary says that Robert S. Critchell of Chicago and E. W. Sentell of Brooklyn, N. Y., who were among the passengers injured when the Plymouth steamer express was wrecked July 1, are improving.

The Board of Trade inquiry into the disaster has formally begun. It will be thorough and all the expert testimony possible will be taken. Major Pringle, who is directing the inquiry, will also attend the coroner's investigation and it is stated that the latter will consequently be wider than at first considered expedient.

The police have been informed by a relative of one of the persons killed, whose name is not announced, that a large sum of money was stolen at the time of the disaster and a careful investigation of the story is being made. It has been learned that the time which the boat train should cover the 115 miles to London is 113 minutes.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
